Council feels it’s a great service for the community, no changes are needed with the current Memo of Understanding between the two parties.

Doug & Ann Mick at 389 Vincent Ave had asked the office about making the front of their business angle parking. Per city code, a resolution would have to be drafted. The council asked that Attorney Leef draft a resolution to make the location in front of 389 Vincent Ave angle parking, with the understanding that cars would have to parallel park when there is snow piled in the middle of the road. This will be placed on a future agenda.

Council member Hahn attended the last Lake Board meeting and said there was a lot of good discussion about the future of the lake. One thing that was brought up was the need to manage the goose population on the lake. There are options for creating a goose management plan and Hahn will invite a biologist to attend the next council meeting to discuss the options further.

Utilities Worker Aaron Stegeman has successfully completed book 2 of the Merchant Training Program.

CDD Mashek has been looking into prices for trees for the parks, they range from $70-$120 per tree. She will check with SPNRD also. Shaunna also inquired about the wall that needs repaired in the gathering space area if the council wants a mural on it. After the plaza is done, council would like to see what funds are remaining and will go forward from there.

Shaunna is working on grants for replacing the lights at the small baseball field.

Josh Reichman has volunteered to be on the Golf Advisory Committee.

A motion was made by Council member Carlson, second of Council member Riley to adjourn the meeting at 7:31 p.m. “Yes” Riley, Carlson, Hahn, Johnson. “No” None. Motion carried.
