ARTICLE 1

GENERAL PROVISIONS

1.1 TITLE

This Ordinance shall be known, referred to, and cited as the Zoning Ordinance of the City of Chappell, Nebraska.

1.2 JURISDICTION

The provisions of these Regulations shall apply within the planning jurisdiction of Chappell, Nebraska, as established on the map entitled "The Official Zoning Map of the City of Chappell, Nebraska." The jurisdiction includes the zoning areas within and up to one mile of the corporate limits of the City of Chappell, Nebraska.

1.3 PURPOSE

In pursuance of the authority conferred by Sections 19-901 through 19-914 of Nebraska Statutes as amended, this ordinance is enacted for the purpose of promoting the health, safety, convenience, order, prosperity and welfare of the present and future inhabitants in the City of Chappell by regulating and restricting the height, number of stories, and size of buildings and other structures, the size of yards, courts, and other open spaces, and the location and use of buildings, structures and land for trade, industry, residence, or other purposes in accordance with the Chappell Comprehensive Plan and the zoning maps adopted herewith.
ARTICLE 2
APPLICATION OF REGULATIONS

2.1 GENERAL

The zoning regulations set forth by this Ordinance within each district shall be minimum regulations and shall apply uniformly to each class or kind of structure or land, except as heretofore provided.

2.2 ZONING AFFECTS EVERY BUILDING AND USE

No building, structure, or land shall hereafter be used or occupied, and no building or structure or part thereof shall hereafter be erected, constructed, moved or structurally altered except in conformity with all of the zoning regulations herein specified for the district in which it is located.

2.3 YARD AND LOT REDUCTION PROHIBITED

No yard or lot existing at the time of passage of this ordinance shall be reduced by private action in dimension or area below the minimum requirements set herein. Yards or lots created after the effective date of this ordinance shall meet the minimum requirements established by these regulations.

2.4 MINIMUM REQUIREMENTS

In their interpretation and application, the provisions of this ordinance shall be held to be minimum requirements, adopted for the promotion of the public health, safety, morals, or general welfare. Where applicable, Municipal, State, or Federal standards which are more restrictive than those contained herein, the more restrictive standards shall apply.

2.5 NONCONFORMITIES

Nonconformities; Intent. Nonconformities are of three types: nonconforming lots of record, nonconforming structures and nonconforming uses.
2.51 NONCONFORMING LOTS OF RECORD: The Zoning Administrator may issue a Permit for any nonconforming lot of record provided that:

Said lot is shown by a recorded plat or deed to have been owned separately and individually from adjoining tracts of land at a time when the creation of a lot of such size and width at such location would not have been prohibited, and

Said lot has remained in separate and individual ownership from adjoining tracts of land continuously during the entire time that the creation of such lot has been prohibited by the zoning regulation, and

Said lot can meet all required yard regulations for the district in which it is located.

2.52 NONCONFORMING STRUCTURES

Authority to Continue: Any structure which is devoted to a use which is permitted in the zoning district in which it is located, but which is located on a lot which does not comply with the use regulations and/or the applicable yard and height regulations may be continued, so long as it remains otherwise lawful.

Enlargement, Repair, Alterations: Any nonconforming structure may be enlarged, maintained, repaired, remodeled, or rebuilt; provided, however, that no such enlargement, maintenance, repair or remodeling shall either create any additional nonconformity or increase the degree of existing nonconformity of all or any part of such structure.

Damage or Destruction: In the event any nonconforming structure is damaged or destroyed, by any means, to the extent of more than sixty (60) percent of its assessed fair market value, such structure shall not be restored unless it shall thereafter conform to the regulations for the zoning district in which it is located. When a structure is damaged to the extent of sixty (60) percent or less of its assessed fair market value, no repairs or restoration shall be made unless a building permit is obtained within six (6) months, and restoration is actually begun one (1) year after the date of such partial destruction and is diligently pursued to completion.

Moving: No nonconforming structure shall be moved in whole or in part for any distance whatever, to any other location on the same or any other lot unless the entire structure shall thereafter conform to the regulations of the zoning district in which it is located after being moved.
NONCONFORMING USES

Authority to Continue: Any lawfully existing nonconforming use of part or all of a structure or any lawfully existing nonconforming use of land, not involving a structure or only involving a structure which is accessory to such use or land, may be continued, so long as otherwise lawful.

Ordinary Repair and Maintenance:

1. Normal maintenance and incidental repair, or replacement, installation or relocation of nonbearing walls, nonbearing partitions, fixtures, wiring or plumbing, water and/or waste disposal systems, may be performed on any structure or system that is devoted in whole or in part to a nonconforming use.

2. Nothing in these regulations shall be deemed to prevent the strengthening or restoring to a safe condition of a structure in accordance with an order of a public official in charge of protecting the public safety who declares such structure to be unsafe and orders its restoration to a safe condition.

Extension: A nonconforming use shall not be extended, enlarged, or increased in intensity. Such prohibited activities shall include, without being limited to, the extension of such use to any structure, or land area, other than that occupied by such nonconforming use on the effective date of these Regulations (or on the effective date of subsequent amendments hereto that cause such use to become nonconforming).

Enlargement: No structure that is devoted in whole or in part to a nonconforming use shall be enlarged or added to in any manner unless such structure and the use thereof shall thereafter conform to the regulations of the district in which it is located.

Damage or Destruction: In the event that a nonconforming building or use is damaged to the extent of more than sixty (60) percent of its reasonable replacement value, the property shall conform to the zone in which it is located.
Moving: No structure that is devoted in whole or in part to a nonconforming use and nonconforming use of land shall be moved in whole or in part for any distance whatever, to any location on the same or any other lot, unless the entire structure and the use thereof or the use of land shall thereafter conform to all regulations of the zoning district in which it is located after being so moved.

Change in Use: If no external structural alterations are made which will expand the area or change the dimensions of the existing structure, any nonconforming use of a structure, or structure and premises, may be changed to another nonconforming use provided that the governing body after receiving a recommendation from the Planning Commission, by making findings in the specific case, shall find that the proposed use is more appropriate to the district than the existing nonconforming use. More appropriate shall mean creating less traffic, noise, glare, odor or other characteristics of the proposed use. In permitting such change, the governing body may require appropriate conditions and safeguards to protect surrounding areas and properties. Once such use has changed, it may no longer be returned to the original use or any other less appropriate use.

Abandonment or Discontinuance: When a nonconforming use is discontinued or abandoned, for a period of twelve (12) consecutive months, such use shall not thereafter be re-established or resumed, and any subsequent use or occupancy of such land shall comply with the regulations of the zoning district in which such land is located.

Nonconforming Accessory Uses: No use which is accessory to a principal nonconforming use shall continue after such principal use shall cease or terminate.
ARTICLE 3

GENERAL DEFINITIONS

3.1 GENERAL PROVISIONS

The following rules of construction shall apply unless inconsistent with the plain meaning of the context of this Ordinance.

3.11 TENSE: Words used in the present tense include the future tense.

3.12 NUMBER: Words used in the singular include the plural, and words used in the plural include the singular.

3.13 SHALL AND MAY: The word "shall" is mandatory; the word "may" is permissive.

3.14 HEADINGS: In the event that there is any conflict or inconsistency between the heading of an article, section or paragraph of this Ordinance and the context thereof, the said heading shall not be deemed to affect the scope, meaning or intent of such context.

3.2 GENERAL TERMINOLOGY

The word "City" shall mean the City of Chappell Nebraska. The word "Governing Body" shall mean the City Council of Chappell, Nebraska. The words "Planning Commission" shall mean the Planning Commission of Chappell duly appointed by the governing body of the City of Chappell.

Words or terms not herein defined shall have their ordinary meaning in relation to the context.

3.3 DEFINITION

For the purpose of this Ordinance certain words and terms used herein are defined as follows;

ACCESSORY USE OF BUILDING: A subordinate building or use which customarily is incidental to that of the main or principal building or use of the premises. Customary accessory uses include, but are not limited to, tennis courts, swimming pools, detached garages, garden houses, antenna/satellite dishes, amateur radio or land mobile towers of less than 100 feet, and residential, agricultural and recreational storage sheds. Garages or other accessory uses attached to the principal structure shall be considered a part thereof and meet the requirements of the principal structure. Accessory use of building shall not include a commercial trailer defined in section 60-301(5) RS Neb. that is placed on property after its wheels, axles, springs and towing tongue have been removed and is intended to be used for the shelter, protection or storage of property.
AGRICULTURAL FARM OR OPERATION: A tract of land or a combination of tracts of land utilized primarily for agricultural purposes which either singularly or jointly consist of at least ten (10) acres and which produces one thousand dollars ($1,000) or more of farm products each year.

ALLEY: is a public or private thoroughfare which affords only a secondary means of access to the property abutting thereon.

BUILDABLE AREA: The portion of a lot remaining after required yards have been provided.

BUILDING: An enclosed structure, anchored to permanent foundation, and having exterior or party walls and a roof, designed for the shelter of persons, animals or property. When divided by other than common or contiguous walls, each portion or section of such building shall be regarded as a separate building, except that two buildings connected by a breezeway shall be deemed one building. "Building" includes "structure".

BUILDING HEIGHT: The vertical distance to the highest point of the roofs; to the deck line of mansard roofs; and to the average height between eaves and the ridge for gable, hip, and gambrel roofs, measured from the curb level if the building is not more than 10 feet from the front lot line or from the grade in all other cases.

CAMP GROUNDS: Any premises where two (2) or more camping units are parked/placed for camping purposes, or any premises used or set apart for supplying to the public, camping space for two (2) or more camping units for camping purposes, which include any buildings, structures, vehicles or enclosures used or intended for use or intended wholly or in part for the accommodation of transient campers.

CHILD CARE CENTER: A facility which is or should be licensed by the Nebraska Department of Health and Human Services under the authority of Sections 71-1908 through 71-1918, Revised Statutes of Nebraska, as provided and defined under the Title 474 of the Nebraska Administrative Code, Chapter 6, Section 002.
CHILD CARE HOME: A private home providing care (for children) for compensation which is or should be licensed by the Nebraska Department of Health and Human Services.

CONDITIONAL USE: A use which is allowed in a zone when specified conditions have been complied with as identified for each district as a conditional use. A conditional use permit is reviewed and issued by the zoning administrator.

DWELLING: Any building or portion thereof which is designed and used exclusively for residential purposes.

DWELLING, MULTIFAMILY: A building or portion thereof used for occupancy by three (3) or more families living independently of each other and containing three (3) or more dwelling units.

DWELLING, SINGLE FAMILY: A dwelling having accommodations for and occupied by one (1) family.

DWELLING, TWO-FAMILY: A residential building containing two (2) dwelling units entirely surrounded by open space on the same lot.

DWELLING UNIT: consists of one or more rooms which are arranged, designed or used as a separate living quarters by a single family or other group of persons living together as a household or a person living alone. Individual bathrooms and complete kitchen facilities, permanently installed, shall always be included for each “dwelling unit”.

EASEMENT: A grant by the property owner to the public, a corporation or persons for the use of a tract of land for a specific purpose or purposes.

FARM RESIDENCE: Residential dwellings located on a farm, including mobile homes appurtenant to agricultural operations including the living quarters for persons employed on the premises.

FARMSTEAD: Any building site that includes at least two (2) buildings that have combined assessed valuation for tax purposes of at least $5,000 as of the date on which these regulations go into effect.

GROUP HOME: means a facility which houses more than five (5) but less than sixteen (16) persons who are unrelated by blood, marriage or adoption. Those facilities may offer, in addition to lodging, accommodations, meals, resident support services, counseling, guidance and varying levels of medical care. Such facility shall be licensed or approved by the State of Nebraska or other appropriate agency.
HOME OCCUPATION: An occupation or activity carried on within the dwelling or accessory building by a member of the family residing on the premises, which occupation or activity is incidental and secondary to the residential occupancy and does not change the residential character nor infringe upon the right of neighboring residents to enjoy a peaceful occupancy of their homes.

LIVESTOCK, CONFINEMENT FACILITIES/OPERATIONS: Shall mean any building(s), lot(s), pen(s), pool(s) or pond(s) or other confined spaces, which normally are not used for raising crops or grazing animals, which are designed and/or used for ongoing confined raising, feeding or management of animals for more than 180 consecutive days.

LANDFILL: A disposal site employing an engineering method of disposing solid wastes in a manner that minimizes environmental hazards by spreading, compacting to the smallest volume, and applying cover material over all exposed waste at the end of each operating day and in conformance with the requirements of the Nebraska Department of Health and Human Service System.

LOT: A parcel of land occupied or intended for occupation by a use permitted in this Ordinance and fronting upon a street or road.

LOT, CORNER: A lot abutting two or more streets or roads at their intersection.

LOT DEPTH: The average horizontal distance between the front and rear lot lines.

LOT FRONTAGE: The front of a lot shall be construed to be the portion nearest the street or road.

LOT OF RECORD: A lot of which is part of a subdivision recorded in the Office of the Register of Deeds, or a lot or parcel described by metes and bounds the description of which has been so recorded.

LOT WIDTH: The distance on a horizontal plane between the side lot lines of a lot, measured at right angles to the line establishing the lot depth at the established building setback line.

MANUFACTURED HOME: A factory-built structure which is to be used as a place for human habitation, which is not constructed or equipped with a permanent hitch or other device allowing it to be moved other than to a permanent site, which does not have permanently attached to its body or frame any wheels or axles, and which bears a label certifying that it was built to compliance with National Manufactured Home Construction and Safety Standards, 24 C.F.R. 3280 et seq., promulgated by the United States Department of Housing and Urban Development, or a modular housing unit as defined in Section 71-1557 of the Nebraska Revised Statutes bearing the seal of the Department of Health and Human Service System.
MOBILE HOME: A year-round, transportable structures which is a single family dwelling unit suitable for permanent, more than thirty (30) days of living quarters, more than eight (8) feet wide and forty (40) feet in length and built to be towed on its own chassis with or without a permanent foundation when connected to the required utilities. This portable dwelling may consist of one (1) or more units that can be telescoped when towed and expanded later for additional capacity, or two (2) or more units, separately towable but designed to be joined as one (1) integral unit. Nothing in this definition shall be construed so as to include prefabricated, modular, pre-cut dwelling units or those manufactured in sections or parts away from the site and transported thereto for assembly.

MOBILE HOME PARK: Any area of land which two (2) or more mobile homes are parked, connected to utilities and used by one (1) or more persons for living or sleeping purposes. A mobile home parked in this area can either be placed on permanent foundation or supported only by its wheels, jacks, blocks, or skirtings or a combination of these devices. A mobile home park includes any premises set apart for supplying to the public parking space, either free of charge or for revenue purposes for one (1) or more mobile homes, connected to utilities and used by one (1) or more persons living, or sleeping purposes and shall include any building, structure, tent, vehicle or enclosure used or intended for use as part of the equipment of such mobile home park.

MODULAR HOME: Any dwelling whose construction consists entirely of or the major portions of its construction consist of a unit or units not fabricated on the final site for the dwelling units, which units are movable or portable until placed on a permanent foundation and connected to utilities. All modular homes shall bear a label certifying that it was built to compliance with the Nebraska Department of Health and Human Services System as established in Section 71-1557 of the Nebraska revised Statutes.

NONCONFORMING LOT OF RECORD: A lot which is part of a recorded subdivision or a parcel of land, the deed to which was recorded prior to the approval date of this Ordinance and neither said lot nor parcel complies with the lot width or area requirements for any permitted uses in the district in which it is located.

NONCONFORMING STRUCTURE: An existing structure which does not comply with the lot coverage, height or yard requirements which are applicable to new structures in the zoning district in which it is located.

NONCONFORMING USE: An existing use of a structure or of land which does not comply with the use regulation applicable to new uses in the zoning district in which it is located.

YARD, REQUIRED: The required minimum open space between the property line and the yard line. The required yard shall contain no building or structure other than the projection of the usual steps, or open porches, or as otherwise provided in these regulations.

YARD, SIDE: A yard between a building and the side lot line measured horizontally at right angles to the side lot line from the side lot line to the nearest point of the main building.

ZONING BOARD OF ADJUSTMENT: The legally appointed board empowered to hear and decide appeals from, and to provide interpretations of, the terms of the zoning ordinance and official maps as defined within this ordinance and in accordance with the laws of the State of Nebraska.

ZONING DISTRICT: The term "Zoning District" means an area delineated on a zoning map for which uniform use regulations are specified.

ZONING MAP: The term "Zoning Map" means a map or maps officially enacted by the governing body as part of this ordinance showing the boundaries of a zoning district or districts, a copy or copies of which, certified to have been enacted as provided by law, is filed in the office of the City Clerk as an official record of the City.

ZONING ADMINISTRATOR: The person or persons authorized and empowered by the governing body to administer the requirements of the zoning regulations.
ARTICLE 4

ESTABLISHMENT AND DESIGNATION OF DISTRICTS

4.1 PLANNING COMMISSION RECOMMENDATIONS

It shall be a purpose of the Planning Commission to recommend the boundaries of the various original districts and appropriate regulations to be enforced therein. The Planning Commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the governing body shall not hold its public hearings or take action until it has received the final report of the Planning Commission.

4.2 DISTRICTS CREATED

For the purpose of this Ordinance, there are hereby created zoning districts, as named and described in Article 5 of this Ordinance.

AGR Agriculture Residential District  
R-1 Residential Single Family District  
R-2 Residential Single and Multifamily District  
R-3 Residential Mobile Home/Single and Multifamily District  
C-1 General Commercial District  
C-2 Highway Commercial District  
I Industrial

4.3 OFFICIAL ZONING MAP

1. The boundaries of the district are shown upon maps, which are made a part hereof by reference, which map(s) are designated as the City of Chappell Zoning District Map, dated ______________ and signed by the Mayor and attested by the City Clerk and hereinafter referred to as the "Official Zoning Maps."

2. The signed copy of the Zoning Map(s) containing the zoning districts designated at the time of adoption of this ordinance shall be maintained in the office of the City Clerk for the use and benefit of the public.
3. If in accordance with the provisions of this ordinance, changes are made in the district boundaries or other matter portrayed on the Official Zoning Map(s), such changes shall be entered on the appropriate part of the Official Zoning Map(s) promptly after the amendment has been approved by the governing body, with an entry on the Official Zoning Map(s) as follows:

"On (date), by official action of the City Council, the following change was made in the Official Zoning Map(s) (brief description of the nature of the change), which entry shall be signed by the Mayor and attested by the City Clerk."

No amendment to this ordinance which involves matter portrayed on the Official Zoning Map(s) shall become effective until after such change and entry have been made on said map(s).

4. No changes of any nature shall be made in the Official Zoning Map(s) or matter shown thereon except in conformity with the procedures set forth in this ordinance.

5. In the event that the Official Zoning Map(s) become damaged, destroyed, lost or difficult to interpret, the City Council, may, by ordinance, adopt a new Official Zoning Map(s) which shall supersede the prior Official Zoning Map(s).

The new Official Zoning Map(s) may correct drafting or other errors or omissions in the prior Official Zoning Map(s), but no such correction shall have the effect of amending the original Official Zoning Map(s) or any subsequent amendment thereof.

4.4 RULES FOR INTERPRETATION OF DISTRICT BOUNDARIES

Where uncertainty exists as to the boundaries of districts as shown on the Official Zoning Map(s), the following rules shall apply:

1. Boundaries indicated as approximately following the center lines of streets, highways, or alleys shall be construed to follow such center lines;

2. Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines;

3. Boundaries indicated as approximately following City limits shall be construed as following such City limits;

4. Boundaries indicated as following railroad lines shall be construed to be midway between the main tracks;
5. Boundaries indicated as parallel to or extension of features indicated in subsection 1 through 4 above shall be so construed. Distances not specifically indicated on the Official Zoning Map(s) shall be determined by the scale of the map.

6. Where physical or cultural features existing on the ground are at variance with those shown on the Official Zoning Map(s), or in other circumstances not covered by subsection 1 through 5 above, the Board of Zoning Adjustment shall interpret the district boundaries.

7. Where a district boundary line divides a lot which was in single ownership at the time of passage of this ordinance the Board of Zoning Adjustment may permit, as an exception, the extension of the regulations for either portion of the lot not to exceed one hundred and fifty (150) feet beyond the district line into the remaining portion of the lot.

ARTICLE 6

SPECIAL USE PERMIT

6.1 GENERAL

The City Council may authorize by special permit after public hearing, any of the buildings or uses designated in the Section 5 Zoning Districts of this Ordinance as permitted special uses.

6.2 PROCEDURES

Such application shall be in writing, filed in the office of the City Clerk, state the proposed location and use of the property, and such other relevant matters as may be requested by the governing body. Upon receipt of such application, the Zoning Administrator shall forward the application to the Planning Commission for its recommendation. Upon hearing, the Planning Commission shall forward its recommendation to the City Council, within thirty (30) days. Upon hearing, the City Council may approve or deny the application in whole or in part, or prescribe conditions for such use of the property. No special use permit shall become effective until after separate public hearings are held by both the Planning Commission and the City Council in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Notice of the purpose, time, and place of such hearing shall be given by publication thereof in a paper of general circulation in the City, one time at least ten (10) days prior to such hearing. (Ref. 19-904 R.S. Neb.).

In addition to the publication of the notice herein prescribed, a notice, in sign form, of the hearing shall be posted in a conspicuous place on or near the property on which such action is pending. The sign shall be placed at least ten (10) days prior to date of each hearing.

Except as otherwise provided herein, no special use permit shall be granted by the City Council, without an affirmative vote of a majority of all members of the City Council and unless the proposed use is found to:

1. Be compatible with and similar to the use permitted in the district, and
2. Not be a matter which should require re-zoning of the property, and
3. Not be detrimental to adjacent property, and
4. Not tend to depreciate the value of the surrounding structures or property, and
5. Be compatible with the stated intended use of the district, and
6. Not change the character of the district, and
7. Be in accordance with the Comprehensive Plan.
In case of protest against such special use permit, signed by the owners of twenty percent (20%) or more either of the area of the lots included in such proposed change, or of those immediately adjacent on the side and in the rear thereof extending one hundred (100) feet, therefrom, and of those directly opposite thereto extending one hundred (100) feet from the street frontage of such opposite lots, such special use permit shall not become effective except by the favorable vote of two-thirds of all members of the City Council.

6.3 SALVAGE OR JUNK YARD

Salvage or junk yard operations and related facilities shall only be allowed by special permit in the AGR and I Zoning Districts under the following conditions:

1. Located on a tract of land at least one-fourth (1/4) mile from a residential or agricultural farm residence.

2. The operation shall be conducted wholly within a noncombustible building or within an area completely surrounded on all sides by a visual obscuring fence, wall or hedge. The fence, wall or hedge shall be of uniform height (at least eight (8) feet high) and uniform texture and color shall be so maintained by the proprietor as to insure maximum safety to the public and preserve the general welfare of the neighborhood. The fence, wall or hedge shall be installed in such a manner as to retain all scrap, junk or other material within the yard and no scrap, junk or other material shall protrude above the fence.

3. No junk shall be loaded, unloaded or otherwise placed, either temporarily or permanently, outside the enclosed building, hedge fence or wall, or within the public right-of-way.

4. Any other requirement deemed appropriate and necessary by the City Council for the protection of the general health and welfare.

In making any decision granting a special use permit, the City Council shall impose such restrictions, terms, time limitations, landscaping, improvement of off-street parking lots, and other appropriate safeguards as required to protect adjoining property.
6.4 LANDFILLS AND SANITARY LANDFILLS

Private landfill operations shall only be allowed by special permit in the AGR Agriculture District upon prior approval of the Nebraska Department of Health and Human Services System and with conformance to the following conditions:

1. Located on a tract of land at least three hundred (300) feet from a residential or agricultural farm residence.

2. The operation shall be conducted wholly within an area completely surrounded on all sides by a fence, wall or hedge. The fence, wall or hedge shall be of uniform height (at least eight (8) feet high) and uniform texture and color shall be so maintained by the proprietor as to insure maximum safety to the public and preserve the general welfare of the neighborhood. The fence, wall or hedge shall be installed in such a manner as to retain all material within the yard and no material shall protrude above the fence.

3. No material shall be loaded, unloaded or otherwise placed, either temporarily or permanently, outside the enclosed building, hedge fence or wall, or within the public right-of-way.

4. Any other requirement deemed appropriate and necessary by the City Council for the protection of the general health and welfare.

5. Special use permits granted under this section shall be subject to annual review and renewal by the City Council.

In making any decision granting a special use permit, the City Council shall impose such restrictions, terms, time limitations, landscaping, improvement of off-street parking lots, and other appropriate safeguards as required to protect adjoining property.
ARTICLE 7
PARKING REGULATIONS

7.1 GENERAL PROVISIONS

1. All buildings and structures erected and all uses of land in all districts established after the effective date of this Ordinance shall provide accessory parking and loading facilities as required under this section.

2. All off-street parking spaces required by this Ordinance shall be located on the same lots as the use it serves.

3. Owners of two or more uses or parcels of land may agree to jointly utilize the same parking spaces provided that satisfactory legal evidence is presented in the form of deeds, leases, or contract documents to establish such a joint area of use.

4. All yard area including driveways, except the required front yard for residential uses may be used for off-street parking. Garages and driveways may be considered as off-street parking spaces.

5. A plan, drawn to scale, indicating how the off-street parking and loading requirements are to be met, shall accompany an application for a building certificate. The plan shall show all elements necessary to indicate that the requirements are being fulfilled.
7.2 **OFF-STREET PARKING REQUIREMENTS**

At the time of construction, or enlargement of more than 50 percent of an existing structure or building or change in the use of land, off-street parking spaces and loading areas shall be provided, constructed, and maintained for all uses as follows:

ACCESSORY USES AND SUPPLEMENTAL REGULATIONS

8.1 ACCESSORY BUILDING

Buildings and structures may be erected and land may be used for purposes which are clearly incidental to, and customarily and commonly associated with the main permitted use of the premises. Such accessory buildings and uses shall be so constructed, maintained and conducted as to not produce noise, vibration, concussion, dust, dirt, fly ash, odor, noxious gases, heat or glare which is injurious, damaging, unhealthful or disturbing to adjacent property, or the users thereof, and shall be on the premises of the main use.

Any accessory building shall have a minimum setback of three (3) feet and all garage entrances must have a minimum ten (10) feet long drive when garage opening is perpendicular to the access street or alley. Attached garages are considered part of principal building.

8.2 HOME OCCUPATIONS

An occupation or activity carried on within the dwelling or accessory building by a member of the family residing on the premises, which occupation or activity is incidental and secondary to the residential occupancy and does not change the residential character nor infringe upon the right of neighboring residents to enjoy a peaceful occupancy of their homes.

The following conditions and restrictions shall apply to such customary home occupations:

a. The primary use of the building or structure in which the occupation is situated shall clearly be the dwelling used by the person as his private residence.

b. Signs and displays shall be limited to one (1) non-illuminated sign not exceeding six (6) square feet in area.

c. No equipment or machinery shall be used in such activities that is perceptible off the premises by reason of noise, smoke, odor, dust, radiation, electrical interference or vibration. Parking shall be handled in such a manner as to not impede or hinder traffic on any public right of way.
8.3 MANUFACTURED HOMES: All manufactured homes located outside mobile home parks shall meet the following standards:

8.31 The home shall have no less than nine hundred (900) square feet of floor area.

8.32 The home shall have no less than an eighteen (18) foot exterior width.

8.33 The roof shall be pitched with a minimum vertical rise of two and one-half (2 1/2) inches for each twelve (12) inches of horizontal run.

8.34 The exterior material shall be of a color, material and scale comparable with those existing in residential site-built, single family construction.

8.35 The home shall have a nonreflective roof material which is or simulates asphalt or wood shingles, tile or rock.

8.36 The home shall have wheels, axles, transporting lights and removable towing apparatus removed.

8.37 Nothing in this Article shall be deemed to supersede any valid restrictive covenants of record.

8.38 The home must meet building code requirements adopted by the City.

8.4 YARD REGULATIONS:

8.41 FRONT YARDS: The front yards heretofore established shall be adjusted in the following cases:

Where forty percent (40%) or more of the frontage on one side of a street between two intersecting streets is developed and the buildings on this side of a block have observed a front yard greater in depth than herein required, new buildings shall not be erected closer to the street than the average front yard so established by the existing buildings provided that no building shall be required to have a front yard setback of more than fifty (50) feet.

Where forty percent (40%) or more of the frontage on one side of a street between two intersecting streets is developed with buildings that have a front yard less than the required, new buildings shall not be erected closer to the street than the nearest building on the block.
8.42 STRUCTURAL PROJECTIONS: The ordinary projections of chimneys and flues, buttresses, eaves, overhangs, open-unenclosed steps or stoops up to 5' in height may extend into required yards for a distance of not more than two (2) feet in the required side yard and not more than five (5) feet in the required front yard.

8.5 EXCEPTIONS TO HEIGHT REGULATIONS: The height limitations contained in the Schedule of District Regulations do not apply to spires, belfries, cupolas, antennas, water tanks, ventilators, chimneys, or other appurtenances usually required to be placed above the roof level and not intended for human occupancy and agricultural structures.

8.6 EXCEPTION TO LOT SIZE REQUIREMENTS: If, at the time of passage of this article, a lot or the aggregate of contiguous lots or land parcels held in a single ownership, has an area or dimension which does not meet the lot size requirements of the district in which the property is located, the lot or aggregate holdings may be occupied by any use permitted outright in the district subject to the other requirements of the district.

8.7 MOBILE HOME PARKS: Mobile Home Parks shall only be allowed in the R-3 Zoning District under the following conditions:

1. Individual mobile home lots shall have an area of not less than four thousand (4,000) square feet per single wide mobile home and six thousand (6,000) square feet for double wide mobile homes, and the total number of lots per gross acre shall not exceed six (6).

2. Mobile homes shall be situated on individual lots so there will be a minimum of fifteen (15) feet between mobile homes and that each mobile home will be set back at least fifteen (15) feet from the nearest service road. Mobile homes parked end-to-end shall have an end-to-end clearance of not less than ten (10) feet. Enclosed additions shall be considered a part of the mobile home in measuring required yard distance. The required area for each mobile home space shall not include area required for access or service roads, service buildings, recreation areas, office, and other similar mobile home park needs.

3. The mobile home park shall have direct access to a public street or highway by a right-of-way at least fifty (50) feet in width and a minimum length of one hundred (100) feet to permit the easy entrance and exit from the mobile home park. Service roads shall be provided to each mobile home space. Each service road shall provide for continuous forward movement, shall connect with a street or highway, and shall a minimum clear width of twenty (20) feet paved with a suitable dustless material.
4. Walks and Lighting. Walkways not less than four (4) feet wide shall be provided from mobile home spaces to the service buildings. All walkways within the park shall be hard surfaced and lighted at night with a minimum illumination of twenty-five (25) watt lamps spaced at intervals of not more than one hundred (100) feet.

5. Off-Street Parking. Two off-street parking spaces for each mobile home space shall be provided at each mobile home space or in group parking. Each off-street parking space shall be at least three hundred (300) square feet.

6. The area of the mobile home stand shall be improved to provide an adequate and approved foundation for the placement and tie-down of the mobile home, thereby securing the super-structure against uplift, sliding, rotation, or overturning.

The mobile home or trailer stand shall be on incombustible materials and shall not shift or settle unevenly under the weight of the mobile home or trailer due to frost action, inadequate drainage, vibration or other forces acting upon the super-structure. The mobile home or trailer stand may be provided by means of a solid concrete footer block (16" x 16" x 4" Minimum) placed on solid uniform soil with at least two (2) standard concrete blocks with cells placed vertically beside each other on the footer block. A solid 4" concrete cap covering the two (2) concrete blocks shall be provided as the bearing area to be positioned directly beneath the steel frame of the mobile home or trailer. Such clocking shall be provided along the full length of the mobile home or trailer unit, spaced not more than ten (10) feet apart, and not more than five (5) feet from the ends of the unit.

7. The mobile home or trailer stand shall be provided with anchors and the tie downs such as cast-in-place concrete "dead men", eyelets imbedded in concrete foundations or runways, screw augers, arrowhead anchors or other devices securing the stability of the mobile home or trailer. The tie-down devices shall be compatible with the foundation system provided for the mobile home or trailer such that the tie-downs are designated to resist the action of frost in the same manner as the foundation system.

8. The skirting of all mobile homes and trailers is required. Such skirting shall not attach a mobile home or trailer permanently to the ground, but shall be sufficient to withstand wind load requirements and shall not provide a harborage for junk or rodents, nor create a fire hazard. Such skirting shall be provided with removable access panels sufficient to provide easy access to all utility connection points of the mobile home or trailer and its subsequent connection to the utility raisers if they are located within the skirted area.
Permit the Creation of Mobile Home Parks in Which the Individual Mobile Home Lots Are Available For Sale. Wherever a mobile home park is permitted by this Ordinance to be created through the granting of conditional uses, or otherwise, said mobile home park may be designed to permit the sale of the individual mobile home lots within said park. A proposed mobile home park in which the individual mobile home lots will be offered for sale must meet all of the following requirements:

1. The individual mobile home lots shall, for the distinct within which such mobile home park is located, meet the minimum lot requirements, minimum yard requirements, maximum lot coverage, and maximum height requirements of such districts.

2. Each such mobile home lot shall be individually serviced with all utilities and shall be individually metered for all utilities and treated in all respects by the City as a separate user of utilities.

3. The developer of such mobile home park shall be required to secure a preliminary and final plat as per the subdivision process outlined in the City of Chappell Subdivision Regulations.

4. At the time of an application for a special use permit, or at the time of the application for subdivision in a mobile home park where the lots are to be offered for sale, the developer shall submit all legal documents necessary for the creation of an association having the purpose of maintaining, controlling, and covering all expenses, taxes and costs incurred on common areas within the mobile home park. Such association shall require that all property owners within the mobile home park be members thereof and pledge the lots owned within the mobile home park as security for the association performing such obligations. Covenants shall be placed on the property by the developer and owners thereof so as to ensure this obligation. These documents shall be submitted by the proper officials to the City Council for its approval and no subdivision permit or special use permit may be issued without the approval of these documents by the City Council.
8.8 VISIBILITY AT INTERSECTIONS: Sight Triangle Easement: On a corner lot in all districts, except where buildings have, or are allowed to build on the property line, continuous unobstructed sight distance shall be provided for safe traffic operations. No obstruction, including fences, hedges, walls, shrubbery or other manmade or natural obstructions shall exist between a height of three (3) feet and ten (10) feet within a sight triangle of the following dimensions:

8.9 **FENCE REGULATIONS:** Fences, Walls and Hedges: Notwithstanding other provisions of this ordinance, fences, walls and hedges may be permitted in any required yard, provided that no fence, wall or hedge along the sides or front edge of any front yard shall be over three and one half (3 1/2) feet in height. Additionally, no fence, wall or hedge shall exceed 2 1/2 feet in height when located within the site triangle of a corner lot. The following regulations shall apply to the construction of fences.

1. No solid fence shall be constructed closer to the street than the property line. No fence shall be closer than two (2) feet to the sidewalk.

2. No fence erected in a required front yard shall materially obstruct public view. Permitted types of fences shall include split rail, chain link, or other similar material. No component of a front yard fence shall exceed 3 1/2 feet in height, nor shall any structural member exceed 36 inches in cross-sectional area.

3. No fence shall be constructed which will constitute a traffic hazard as identified in the site triangle of a corner lot (see Article 5, Chapter 9).

4. No fence shall be constructed in such a manner or be of such design as to be hazardous or dangerous to persons or animals by intent of its construction or by inadequate maintenance.

5. No fence within Residential Districts, except fences erected upon public or parochial school grounds or in public parks and in public playgrounds, shall be constructed of a height greater than six (6) feet.

6. All fences shall conform to the construction standards of the building code and other applicable ordinances and resolutions.

7. In commercial and industrial districts, maximum height of fences shall be eight (8) feet. When industry standards for certain types of businesses require fences of greater heights, the Zoning Administrator at his direction, may allow greater heights.

8. All fences constructed in the City of Chappell shall comply with the provision of this section and obtain a building permit.
8.10 **SIGN REGULATIONS:** The following regulations shall govern the location, area and type of signs permitted within the City:

A. General sign requirements:

1. All signs shall be structurally safe and shall be securely anchored or otherwise fastened, suspended, or supported so that they will not be a menace to the safety of persons or property.

2. No sign, outdoor commercial advertising device or lighting device constituting a nuisance to an adjacent residential District, because of lighting glare, focus, animation or flashing of a sign, lighting or advertising device shall be erected or continued in operation.

3. No "revolving beacon" or "fountain" signs shall be permitted in any district.

4. No sign in any district shall conflict in any manner with the clear and obvious appearance of public devices controlling public traffic.

5. Ground signs shall not be located on public property except by specific approval of the City Council.

6. Temporary signs or banners on or over public property may be authorized by the City Council for a period not to exceed ten days.

7. Signs projecting over a street, alley, or other public space shall project no more than ten feet and be no closer than two feet to a plumbline from curbline; clearance below such signs shall be a minimum of nine feet.

B. Residential districts:

1. One identification sign shall be permitted per residential use provided such sign does not exceed two square feet in area; said sign may be wall, pedestal, ground, or projecting type (but not projecting over public property).

2. One sign of a temporary nature, such as "for sale" or "for rent" shall be permitted per residential use provided such sign does not exceed six square feet and is not lighted; said sign may be wall, pedestal or ground type.

C. Public or semi-public uses. One identification sign shall be permitted per public or semi-public use provided such sign does not exceed ten square feet in area; said sign may be wall, pedestal, ground, or projecting type.

D. AGR, C-1, C-2, and I Districts. No restrictions except the general sign requirements of Section 3 above.

Chappell Zoning Regulations

8.11 SMALL AND COMMERCIAL WIND ENERGY CONVERSION SYSTEMS

Intent: In order to balance the need for clean, renewable energy resources with the protection of the health, safety, and welfare of the residents of Chappell, Nebraska, the City finds these regulations are necessary in order to ensure that all wind energy conversion systems are appropriately designed, sited, and installed.

These regulations pertaining to all wind energy conversion systems are intended to respond to equipment available at the time of adoption. Chappell recognizes that this is an emerging technology and that new means of collecting wind energy, including but not limited to vertical axis wind turbine generators are under development. Accordingly, these standards will be reviewed and may be amended as technology advances.

Types of Wind Energy Systems:

1. **Small Wind Energy Conversion System** - (SWECS) — A wind energy conversion system which has a rated capacity of up to Twenty-Five (25) kilowatts and which is incidental and subordinated to Permitted Principal and Accessory Uses in the same zoning district. A system is considered a small wind energy system only if it supplies electrical power for site use, except that when a parcel on which the system is installed also received electrical power supplied by a utility company, excess electrical power generated and not presently needed for onsite use may be sold back to the utility company. *(25 Kilowatt limit approved by the City of Chappell Planning Commission to increase to a maximum of 100 Kilowatts with Nebraska State Legislature authorization by future amendment)*

2. **Commercial Wind Energy Conversion System** — (CWECS) A wind energy conversion system under common or aggregated ownership or operating control that includes substations, MET towers, cables/wires and other building accessories, who’s main purpose is to supply electricity to off-site customers.

Definitions:

A. **Aggregated Project** — Those projects that are developed and operated in a coordinated fashion, but which have multiple entities separately owning one or more of the individual CWECS within a larger project. Associated infrastructure such as power lines and transformers that service the facility may be owned by a separate entity but are also included as part of the aggregated project.

B. **Fall Zone** — The area, defined as the furthest distance from the tower base, in which a tower will collapse in the event of a structural failure.

C. **Feeder Line** — Any power line that carries electrical power from one or more wind turbines or individual transformers associated with individual wind turbines to the point of interconnection with the electric power grid, in the case of interconnection with the high voltage transmission systems the point of the interconnection shall be the substation serving the WECS.
D. **Height, hub** – The height above grade of the fixed portion of the tower, including the generation unit, measured to the hub or center point of the rotor blade diameter.

E. **Height, total system** – The height above grade of the system, including the generating unit and measured the highest vertical extension of any rotor blades or rotors.

F. **Meteorological Tower** – For the purposes of wind energy conversion systems, meteorological towers are those which are erected primarily to measure wind speed and direction plus other data relevant to locating a CWECS. Meteorological towers do not include towers and equipment used by airports, the Nebraska Department of Roads or other similar applications to monitor weather conditions.

G. **Rotor Diameter** – The diameter of the circle created by the outer most point of the rotor blades of the windmill. (see Diagram #1)

H. **Shadow flicker** – Strobe effect that occurs when sun is horizontal to rotor blades, which causes repetitive intermittent shadows that can affect people on near by properties.

I. **Substations** – Any electrical facility utilized to convert electricity produced by a Commercial Wind Energy Conversion System for interconnection with high voltage transmission lines.

J. **Tower** – The vertical component of a wind energy conversion system that elevates the wind turbine generator and attached blades above the ground.

K. **Transmission Line** – The electrical power lines that are High Voltage Transmission Lines carrying electricity over medium to long distances rather than directly interconnecting and supplying electric energy to retail customers.

L. **Wind Energy Conversion System (WECS)** – An aggregation of parts including the base, tower, generator, rotor, blades, supports, and configuration as necessary to convert the power of wind into mechanical or electrical energy, e.g. wind charger, windmill, or wind turbine.

M. **Wind Turbine Generator** – The component of a wind energy system that transforms mechanical energy from the wind into electrical energy.
8.11 Small Wind Energy Conversion System

A Small Wind Energy Conversion System (SWECS) is a facility used for the production of a maximum of Twenty-Five (25) kilowatts of electrical energy supplied by the wind. The facility may include wind turbine(s) with total height(s) of one hundred (100) feet or less and any transmission lines. The SWECS is primarily used to generate energy for use by its owner. A small wind energy facility shall be sited and designed to minimize adverse visual impacts on neighboring properties. To be used in conformance with Nebraska State Statutes 70-2001 through 70-2005, regarding Net Metering. (25 Kilowatt limit approved by the City of Chappell Planning Commission to increase to a maximum of 100 Kilowatts with Nebraska State Legislature authorization by future amendment)

1. General Site and Design Standards

   A. Located on a lot or parcel in conformance with the zoning district in which it is located;

   B. Shall be permitted as a Special Use permitted by special use permit in the “AGR”, “R-1”, “R-2”, “R-3”, “C-1”, “C-2” and “I” Zoning Districts.

   C. SWECS shall maintain a minimum setback distance from any property line of one and one-half (1.5) times the total system height of the windmill for non-participating property owners. Adjoining property owners (in AGR District, second additional farm/ranch single dwelling units for the purpose of housing relatives or agriculture workers) participating in the same project shall have no setback requirements between adjoining properties.

   D. SWECS shall maintain a minimum setback distance from any public road, or highway of at least one point one (1.1) times the total system height of the windmill from the public road or highway right-of-way.

   E. In no case shall a SWECS be located within any required setback or in any front yard area.

   F. Turbines and towers shall be of tubular design and if painted or coated, shall be of a non-reflective white, grey, or other neutral color and shall not used to display advertising.

   G. SWECS shall not be artificially lighted unless such lighting is required by the Federal Aviation Administration (FAA).

   H. All electrical wires associated with a small wind energy system other than the wires necessary to connect the wind generator to the tower wiring, the tower wiring to the disconnect junction box, and the grounding wires shall be located underground.

   I. The minimum distance between the ground and any part of the rotor blade system shall be thirty (30) feet.
J. All ground mounted electrical and control equipment must be labeled and secured to prevent unauthorized access. A tower may not have step bolts or a ladder within eight (8) feet of the ground that is readily accessible to the public.

K. The owner of a small wind energy facility shall minimize or mitigate any interference with electromagnetic communications, such as radio, telephone or television signals caused by the facility.

L. Construction access must be re-graded and re-vegetated to minimize environmental impacts.

M. A SWECS application must include an agreement that addresses decommissioning and abandonment of the facility. The agreement must at a minimum provide for reuse or dismantlement of the facility at the owner's expense.

2. Application Requirements

A. Provide a survey map at an appropriate scale identifying:
   Site boundary;
   Adjacent public right-of-ways;
   Existing structures;
   Proposed small wind energy system and accessory structures; Adjacent ownership and existing residences;
   Existing overhead utility lines.

B. A report from a licensed engineer containing:
   1. Small wind system specifications including manufacturer and model; rotor diameter, tower height, tower type (freestanding or guyed);
   2. Documentation to establish that the tower has sufficient structural integrity for the proposed use at the proposed location;
   3. Certification that the small wind energy system complies with all applicable state construction and electrical codes and the National Electrical Code.

C. Compliance with FAA Regulations, including any Documentation required by the FAA certifying approval of proposed location when located within the three (3) mile Planning Jurisdiction of any airport.

D. Signed letter of Notification by the property owner submitted to the Electrical Supplier/Purchaser, Deuel County Assessor’s Office, and City of Chappell Zoning Administrator signifying utility service is approved.

E. Require proof of insurance on application.
8.12 Commercial Wind Energy Conversion System – (CWECS)

A wind energy conversion system under whether owned by a single independent entity/company or by common or aggregated ownership or operating control, that includes substations, MET towers, cables/wires and other building accessories, who’s main purpose is to supply electricity to off-site customers.

Commercial Wind Energy Conversion Systems may be included as an aggregated project. Such as those projects that are developed and operated in a coordinated fashion, but which have multiple entities separately owning one or more of the CWECS within a larger project. Associated infrastructure such as power lines and transformers that service the facility may be owned by a separate entity, but are also part of the aggregated project. All individual wind turbine towers of an independent or aggregated project shall be in conformance with Section 6.52 (1) items “A” through “O” as follows:

1. **General Site and Design Standards:**
   A. Located on a lot or parcel of at least ten (10) acres in size.
   
   B. The entire aggregated project shall be permitted as a Special Use permitted by special use permit in an “AGR” Agricultural District.
   
   C. If an aggregated project, setbacks from multiple entities (turbines) shall be one and one-tenth (1.1) times the height of the total system.
   
   D. Each CWECS location must have a 911 address.
   
   E. CWECS shall be designed and placed in such a manner as to minimize to the greatest extent feasible, adverse visual and noise impacts on adjacent areas. This shall include documentation of:
      
      1. Noise levels conforming to the International Electromechanical Commission (IEC) Standard 61400-11 part 11; and
      
      2. Projections of the “shadow flicker” on any existing structures located off the property on which the CWECS will be constructed and the extent and duration of the shadow flicker on these existing structures.
   
   F. CWECS shall maintain a minimum setback distance from any property line of one and one-half (1.5) times the total system height of the windmill for non-participating property owners. Adjoining property owners participating in the same Aggregated Project shall have no setback requirements between adjoining properties.
   
   G. CWECS shall maintain a minimum setback distance from any public road, or highway of at least one point one (1.1) times the total system height of the windmill from the public road or highway right-of-way.
   
   H. In no case shall a WECS be located within any required setback or in any front yard area.

Chappell Zoning Regulations
I. Structures for wind turbines shall be self-supporting tubular towers, if painted or coated shall be of a non-reflective neutral color such as white or pale gray. No lattice structure shall be used. No logos or advertisements are allowed on these structures. Each turbine shall be marked with a visible identification number located no higher than fifteen (15) feet above ground level.

J. Colors and surface treatment of the CWBES and supporting structures shall, to the greatest extent possible, minimize disruption of the natural characteristics of the site.

K. Reasonable measures shall be taken to mitigate specific adverse visual impacts such as reflections, shadow flicker, and blade glint affecting residences within or immediately adjacent to the project area.

L. CWECS shall be equipped with air traffic warning lights or other marking lights only if so required by the Federal Aviation Administration and in which event, such light should be positioned or shielded to avoid visual impact on neighboring properties, and shall be a white flashing light from daylight till twilight and a steady red light night time. Light system must be maintained and working at all times.

M. The applicant shall minimize or mitigate any interference with electromagnetic communications, such as radio, telephone or television signals caused by any wind energy facility.

N. A Meteorological Tower is permitted by a Special Use Permit for the purposes of the Aggregated Project. Meteorological towers shall meet the same setback requirements of those established for an Aggregated Project. If the tower is non-functional, it shall be removed after a period of two (2) years.

O. CWECS shall have a minimum setback of one-quarter (1/4) mile from any adjacent residence not owned by the owner of the CWECS. However, no setback is required between an adjacent residence of an owner participating in the same Aggregated Project.

2. Application Requirements
The applicant for a conditional use permit for construction of a CWECS shall file an application with the City of Chappell Zoning Administrator. The application shall include the name(s) of the project applicant(s), the name of the project owner(s), and the legal description and address for the project. The application shall also include the following documents:

A. Provide a survey map illustrating the following:

1. Property lines, dimension, acreage and contours with appropriate intervals for site evaluation.

2. Location and elevation of all components of the proposed CWECS.
3. Location and dimensions of all existing structures and uses on property within three hundred (300) feet of the system;

4. Height of any structures over thirty-five (35) feet within a five hundred (500) foot radius on site or offsite of the proposed CWECS;

5. Location of any overhead utility lines on the property;

6. Location of all known communications towers within two (2) miles of the proposed CWECS

7. Access roads;

8. Adjacent ownership, land uses, existing residences, schools, churches, hospitals, public libraries, federal, state, county or local parks, recognized historic or heritage sites, identified wildlife preserves, or habitat areas to a distance of 2,640 feet (one-half mile).

9. Provide a copy of the Easement Deed from the Deuel County Register of Deeds Office for each property involved in the CWECS.

10. Provide a map illustrating all transmission lines connecting to the Substation.

11. Copy of Agreement or Notification of Compliance Letter between any municipal Airport Authority and the Applicant.

B. Applicant shall identify potential effects in terms of constraints or benefits the wind energy facility may place on current or future use of the land within the project site and the surrounding area. The extent of any limitations due to public health and safety risks shall be specifically addressed, and the effects on the following activities shall also be addressed:

1. Existing or proposed tourist or recreation activities;
2. Residential activities;
3. Industrial activities;
4. Agricultural activities;
5. Commercial activities

C. Soil erosion, sediment control, and storm water runoff plan shall address what types of erosion control measures will be used during each phase of the project. It shall identify plans for:

1. Grading;
2. Construction and drainage of access roads and turbine pads;
3. Design features to control dust;
4. Design features to maintain downstream water quality;
5. Re-vegetation to ensure slope stability;
6. Restoring the site after temporary project activities;
7. Disposal or storage of excavated materials;
8. Protecting exposed soil;
9. Stabilizing restored material and removal of silt fences or barriers when the area is stabilized; and
10. Maintenance of erosion controls throughout the life of the project.

D. Applicant shall provide information regarding flora and fauna of the proposed project area including:

1. Officially listed threatened or endangered species;
2. Critical habitat and habitat conditions;
3. An avian study based on the US Fish and Wildlife Services “Interim Guidelines to Avoid and Minimize Wildlife Impacts from Wind Turbines”

E. Standard drawings of the structural components of the CWECS, including structures, tower, base, and footings.

Certification by a registered engineer that:
1. There is a substantial need for the proposed use or CWECS, one hundred (100) kW or greater;
2. All applicable local, state, and federal building, structural and electrical codes have been followed;
3. The site is feasible for a CWECS; the CWECS can be successfully operated in the climate conditions found in Deuel County;
4. The rotor and over speed control have been designed for the proposed use on the proposed site;
5. The design and safety of the proposed tower to withstand winds of ninety (90) miles per hour; and
6. If the wind turbine were to fall, no building or structure, existing or potential, would be damaged.

3. Construction and Operations
All public roads to be used for the purpose of transporting CWECS, substation parts, cement or equipment for construction, operation, or maintenance of the CWECS shall be identified and applicable weight and size permits from the impacted road authority(ies) shall be obtained prior to construction.

A pre-construction survey must be conducted with the appropriate jurisdictions to determine existing road conditions. Those included are Applicant(s); Land Owner(s); CWECS Owner(s); Township Representative(s), County Highway Superintendent and/or Zoning Administrator. The survey shall include photographs and a written agreement to document the conditions of the public roads and facilities. All expenses of the survey shall be the Applicant's responsibility.

The CWECS owner shall be responsible for immediate repair of damage to public roads and drainage systems stemming from construction, operation, or maintenance of the CWECS.

Chappell Zoning Regulations
54
Solid and hazardous wastes, including but not limited to crates, packaging materials, damaged or worn parts, as well as used oils and lubricants shall be removed from the site promptly and disposed of in accordance with all applicable local, state, and federal regulations.

4. Safety Measures

Each CWECS shall be equipped with both manual and automatic controls to limit the rotational speed of the rotor blade so it does not exceed the design limits of the rotor.

The Planning Commission shall determine the height, color, and type of fencing, if needed, for the CWECS installation. CWECS shall include no sign or advertising of any kind, except for one sign not to exceed two (2) square feet posted at the base of the tower, electrical equipment, and entrances. The sign shall contain the following information:

1. Warning – high voltage
2. Manufacturer’s name
3. Operator’s name
4. Emergency phone number
5. Emergency shutdown procedures

Each CWECS shall be properly grounded to safely sustain natural lightning strikes in conformance with the National Electric Code.

Any CWECS facility shall be equipped with anti-climbing devices. Tower climbing apparatus shall not be located within fifteen (15) feet of the ground. Where the tower is capable of being climbed, a locked, protective fence at least six (6) feet high shall enclose the tower.

The CWECS operator shall maintain a current insurance policy which will cover liability, installation, operation, and any possible damage or injury that might result from the failure of a tower or towers or any other part or parts of the generation and transmission facility. The amount of said policy shall be established as a condition of approval. The CWECS shall be warranted against any system failures reasonably expected in severe weather operation conditions.

5. Discontinuation and Decommissioning.

A. CWECS shall be considered a discontinued use after one (1) year without energy production, unless a plan is developed and submitted to the City of Chappell Zoning Administrator outlining the steps and schedule for returning the CWECS to service. All CWECS and accessory facilities shall be removed four (4) feet below ground level within ninety (90) days of the discontinuation of use. This period may be extended by the Zoning Administrator following a written request by an agent of the owner of the CWECS.
B. Each CWECS shall have a decommissioning plan outlining the anticipated means and costs of removing CWECS at the end of the serviceable life or upon becoming a discontinued use. The cost estimates shall be made by a competent party, such as a profession engineer, a contractor capable of decommissioning, or a person with suitable expertise or experience with decommissioning.

C. At the end of the aggregated project’s useful life, the entire site shall be restored in accordance with the requirements of this condition within eighteen (18) months.

606.10 Noise

No CWECS shall exceed 60 dBA at the nearest structure occupied by humans. In the event of periods of severe weather, as defined by the United States Weather Service, a CWECS may exceed 60 dBA.
ARTICLE 9
BOARD OF ZONING ADJUSTMENT

9.1 CREATION, MEMBERSHIP

The City Board of Zoning Adjustment is hereby created and shall be known as the City Board of Zoning Adjustment. The members of said board shall be appointed by the City Council.

One (1) member only of said board shall be appointed from membership of the Planning Commission and the loss of membership on the planning commission by such member shall also result in the immediate loss of membership on the City Board of Zoning Adjustment.

Said board shall consist of five regular members, plus one additional member designated as an alternate who shall attend and serve only when one of the regular members is unable to attend for any reason, each to be appointed for a term of three (3) years and removable for cause by the City Council upon written charges and after public hearings. Vacancies shall be filled for the unexpired terms of any member whose terms becomes vacant.

9.2 MEETINGS

Meetings of the Board of Zoning Adjustment shall be held at the call of the Mayor and at such times as the Board may determine. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the City Clerk and shall be a public record.

9.3 INTERPRETATIONS AND VARIANCES

9.31 The Board of Adjustment shall, subject to appropriate conditions and safeguards as specified in these regulations, have the following powers (Ref. 23-168.01 R.S. Neb.):

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official or planning commission based on or made in the enforcement of any zoning regulation or any regulation relating to the location or soundness of structures;

2. To hear and decide, in accordance with the provisions of any regulation, requests for interpretation of any maps, or for decisions upon other special questions upon which the Board is authorized by any such regulation to pass; and
3. Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of adoption of the Zoning Ordinance, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any enacted regulation under this act would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon the owner of such property, to authorize, upon appeal relating to the property, a variance from such strict application so as to relieve such difficulties or hardships, if such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of these zoning regulations, but no such valiance shall be authorized unless the Board finds that:

   a. The strict application of the regulation would produce undue hardship;

   b. Such hardship is not shared generally by other properties in the same zoning district and the same vicinity;

   c. The authorization of such variance will not be of substantial detriment to adjacent property and the character of the district will not be changed by the granting of the variance; and

   d. The granting of such variance is based upon reasons of demonstrable and exceptional hardship as distinguished from variations for purposes of convenience, profit or caprice.

9.32 No variance shall be authorized unless the Board finds that the condition or situation of the property concerned or the intended use of the property is not of so general or recurring a nature as to make reasonable and practicable the formulation of a general regulation to be adopted as an amendment to the zoning regulations.

9.33 In exercising the above-mentioned powers such Board may, in conformity with the provisions of said sections, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as shall be proper, and to that end shall have all the powers of the officer from whom the appeal is taken. The concurring vote of four (4) members of the board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such regulation or to effect any variation in such regulation.
9.4 PROCEDURES FOR REQUESTING A VARIANCE

The procedures to be followed by the Board of Zoning Adjustment shall be as follows.

9.41 Appeals to the Board may be taken by any person aggrieved or by any officer, department, governmental agency affected by any decision of the zoning administrator. Such appeal shall be made within ten (10) days from the date of decision by any official or department. The appeal filed in writing shall define the appeal being requested and the grounds therefor. The officer from whom the appeal is taken shall forthwith transmit to the Board of Zoning Adjustment all the paper constituting the record upon which the action appealed from was taken.

9.42 The Chairperson of the Board shall set a hearing within thirty (30) days of receipt of the appeal. The time, date, place of the hearing, and description of the request shall be published in a local newspaper of general circulation ten (10) days prior to the actual hearing. The Board shall also notify the interested parties in the case of the hearing date, time and place.

9.5 APPEALS FROM THE BOARD OF ZONING ADJUSTMENT

Any person or persons, jointly or separately, aggrieved by any decision of the Board of Zoning Adjustment, or any officer, departments, board or bureau of the City, may seek review of such decision by the district court for the City in the manner provided by the laws of the State and particularly by Section 23-168.04.
ARTICLE 10
ADMINISTRATIVE PROVISIONS, ENFORCEMENT
AND FEES

10.1 ENFORCEMENT

10.11 ZONING ADMINISTRATOR: This ordinance shall be enforced and administered by a Zoning Administrator who shall be appointed by the City Council and who may be provided with the assistance of such other persons as the City Council may direct in order to carry out the following duties and responsibilities:

1. Approve and issue all building permits and occupancy certificates when compliance is made with this ordinance.

2. Conduct inspections of buildings, structures and uses of land to determine compliance with the provisions of this ordinance.

3. Receive, file and forward to the Board of Zoning Adjustment the records in all appeals for variances.

4. Maintain permanent and current records of the Zoning Ordinance including but not limited to, all zoning maps, amendments, special use permits, variances, appeals and applications thereof and records of hearings thereon.

5. Prepare and have available in book, pamphlet or map for each year.
   a. The compiled text of the Zoning Ordinance and amendments thereto, including all amendments adopted through the preceding December 31; and
   b. A zoning map or maps, showing the zoning districts, divisions and classifications in effect on the preceding December 31.

6. Whenever the Zoning Administrator shall find that any of the provisions of this ordinance have been or are being violated, he/she shall notify in writing the person responsible for such violation, indicating the nature of the violation and ordering the action necessary to correct it. He/she may order discontinuance of illegal use of land, buildings or structures; removal of illegal buildings, structures or additions or alterations thereto; discontinuance of any illegal work being done; or take any other appropriate action authorized by this ordinance to insure compliance with, or to prevent violation of, its provisions.
10.2 BUILDING PERMITS REQUIRED

10.21 GENERAL: No building or other structure shall be erected, moved, added to, or structurally altered without a building permit first having been issued by the Zoning Administrator. No building permit shall be issued unless the proposed construction or use is in conformance with all of the provisions of this ordinance and with all other applicable codes, regulations and laws of the City of Chappell and with all orders, and variances lawfully issued by the Board of Adjustment. A building permit shall not be required for agricultural (nonresidential) buildings or structures in the AGR Agricultural Districts or for improvements which have a value of one thousand dollars ($1,000) or less. Construction must begin within ninety (90) days of issuance of the permit. The building permit will be valid for a period of two (2) years.

10.22 APPLICATION FOR BUILDING PERMIT: All applications for a building permit shall be accompanied by a plot plan showing the location, ground area, height and bulk of all present and proposed structures, additions, parking areas and site improvements; the actual dimensions and shape of the lot lines; the uses to be built upon; the building lines in proposed structures or additions; and any other reasonable and pertinent information as may be required by the Zoning Administrator or the proper enforcement of this ordinance.

10.23 APPROVAL OR DISAPPROVAL OF PERMIT: The Zoning Administrator shall examine all applications for building permits, including plans, specifications and documents filed therewith and shall either approve or disapprove such application within thirty (30) days of receipt of same. Upon approval and receipt of required fees, the Zoning Administrator shall promptly issue the building permit and shall affix his/her signature to the permit and the plans and mark the plans "Approved." Upon disapproval of the application, the Zoning Administrator shall refuse to issue the permit and shall state in writing on the plans the reasons for disapproval, affix his/her signature and mark the plans "Disapproved,"

10.24 APPEAL FROM APPROVAL OR DISAPPROVAL: An appeal from approval or disapproval of any application shall be made to the Board of Zoning Adjustment in writing within ten (10) days after the determination of the Zoning Administrator has been filed.
10.3 CERTIFICATION OF OCCUPANCY REQUIRED

10.31 GENERAL: No building, structure or land shall be used or occupied, in whole or in part, nor shall any change made in the use or type of occupancy of an existing building or structure requiring a building permit, nor shall any change be made in the use of land, except to any use which is primarily agricultural, unless a certificate of occupancy shall be issued by the Zoning Administrator in accordance with this ordinance.

10.32 TEMPORARY CERTIFICATE: Upon request, the Zoning Administrator may issue a partial certificate of occupancy for a period not to exceed ninety (90) days, for a building or structure or part thereof, before the entire work covered by the building permit shall have been completed, provided such portion or portions as have been completed may be occupied safely without endangering life or the public welfare.

10.33 APPLICATION FOR CERTIFICATE OF OCCUPANCY: All applications for certificate of occupancy shall be made by the owner or his/her agent and shall be accompanied by an affidavit of the owner, registered architect, licensed professional engineer, or superintendent of construction who shall state that he has examined the approved plans of the structure, that said structure has been erected in accordance with the approved plans and that it complies with this ordinance and all local code and resolutions/ordinances governing building construction. The application and affidavit shall be filed with the Zoning Administrator.

10.34 ISSUANCE OF CERTIFICATE OF OCCUPANCY: Before issuing a certificate of occupancy, the Zoning Administrator shall examine all buildings, structures or sites for which an application has been filed for a building permit to construct, enlarge, alter, repair, remove, demolish, or change the use or occupancy. The Zoning Administrator shall maintain a record of all examinations and inspections, together with a record of findings of violations of the law.

10.35 A certificate of occupancy shall be deemed to authorize, and is required for, both initial and continued occupancy and use of the building or land to which it applies, and shall continue in effect so long as such building or land is used as authorized in the certificate of occupancy.

10.4 SCHEDULE OF FEES

10.41 The schedule of fees shall be established for this Zoning Ordinance by the City Council. The schedule of fees shall be posted in the office of the Zoning Administrator and may be altered or amended only by the City Council. Until all applicable fees, charges and expenses have been paid in full, no action shall be taken on any application or appeal.
ARTICLE 11
AMENDMENT

11.1 GENERAL

The City Council may from time to time supplement, change or generally revise the boundaries or regulations contained in this ordinance. A proposal for such amendment may be initiated by the City Council, Planning Commission or upon application of the owner of the property affected. A filing fee established by the City Council is required for each application to be considered by the Planning Commission.

11.2 SUBMISSION TO PLANNING COMMISSION

All such proposed amendments shall first be submitted to the Planning Commission for recommendation and report. Upon the development of tentative recommendations, the Planning Commission shall hold a public hearing thereon and shall cause an accurate written summary to be made of proceedings, and shall give notice in like manner as that required for the original zoning recommendations. Such notice shall fix the time and place for such hearing and contain a statement regarding the proposed changes in regulations or restrictions or in the boundary of any district.

If such proposed amendment is not a general revision of an existing provision of this ordinance, and will affect specific property, it shall be designated by legal description and general street location and in addition to such publication notice, written notice of such proposed amendment shall be mailed to all owners of lands located within three hundred (300) feet of the area proposed to be altered and an opportunity granted to interested parties to be heard.

11.3 AMENDMENT CONSIDERATION AND ADOPTION

The procedure for the consideration and adoption of any such proposed amendments shall be in like manner as that required for the consideration and adoption of the ordinance except herein before or herein after modified. For action on zoning amendments, a quorum of the Planning Commission is more than one-half (1/2) of all the members. A vote either for or against an amendment by a majority of all the Planning Commission members present constitutes a recommendation of the commission; whereas a vote either for or against an amendment by less than a majority of the Planning Commission present constitutes a failure to recommend.
When the Planning Commission submits a recommendation of approval or disapproval of such amendment, the City Council, if it approves such recommendation, may either adopt such recommendation by ordinance or take no further action thereof as appropriate. In the event the Planning Commission submits a failure to recommend, the City Council may take such action as it deems appropriate. Upon receipt of a recommendation of the Planning commission which the City Council disapproves, the said governing body shall return such recommendation to the Planning Commission with a statement specifying the basis for disapproval, and such recommendation shall be considered in like manner as that required for the original recommendation returned to the Planning Commission. If such amendment shall affect the boundaries of any district, the ordinance shall define the change or the boundary as amended, shall order the Official Zoning Map(s) to be changed to reflect such amendment, and shall amend the section of the ordinance incorporating the same and reincorporate such Map as amended.

11.4 PROTEST

Regardless of whether or not the City Council approves or disapproves a proposed zoning amendment or fails to recommend, if a protest against such amendment be filed in the office of the City Clerk within fourteen (14) days after the date of the conclusion of the public hearing pursuant to said publication notice, duly signed and acknowledged by the owners of twenty percent (20%) or more either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof extending one hundred (100) feet therefrom, or of those directly opposite thereto extending one hundred (100) feet from the street frontage of such opposite lots, such amendments shall not become effective except by the favorable vote of two-thirds (2/3) majority of the City Council.

COMPLAINTS, PENALTIES, REMEDIES

12.3 COMPLAINTS REGARDING VIOLATIONS

Whenever a violation of this ordinance occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint stating fully the causes and basis thereof shall be filed with the Zoning Administrator. He/she shall record properly such complaint, immediately investigate, and take action thereon as provided by these regulations.

12.2 PENALTIES

The owner or agent of a building or premises in or upon which a violation of any provisions of this ordinance has been committed or shall exist or lessee or tenant of an entire building or entire premises in or upon which such violation shall exist, shall be guilty of a misdemeanor. Each and every day that such violation continues after notification shall constitute a separate offense.

Nothing herein contained shall prevent the City from taking such other lawful action as is necessary to prevent or remedy any violation.

12.3 REMEDIES

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained; or any building, structure or land is used in violation of these regulations the appropriate authorities of the City may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use; to restrain, correct or abate such violation; to prevent the occupancy of said building, structure or land; or to prevent any illegal act, conduct, business or use in or about such premises,
