Participating in the Budget Billing Program does not mean that you are not responsible for the entire amount of your bill. **It is your responsibility to watch the actual billing balance and make adjustments throughout the year as necessary should you be falling behind in your account. Any remaining billing balance at the end of January will be due in full with the February bill.** All Budget Billing accounts will be re-calculated in January based on the average of the prior year's usage along with a rate increase percentage. Regular budget payments are required each month by the due date or you will be removed from the program. The City of Chappell reserves the right to remove any customer from the budget billing program.
